## **Report**

Dear Brethren,

How wonderful it is to know that many, many brethren are praying for us in South Africa, and for me in particular. God hears the prayers of faithful brethren! Thank you very much.

### **MY HEALTH**

I am now 91 ½ years old, and my health is very good for that age. I am fully vaccinated and boosted. I have trouble remembering names, but otherwise my mind seems to be doing well. I have great helpers—Zipho (33, my foster son), Joel and Brittany (my grandson and wife with whom I live), and Mzwandile Gazu, my fellow preacher, are among those who help and encourage me.

### **END OF STATE OF DISASTER**

The SA Government has finally, after about two years, officially said we are no longer in a State of Disaster. However, some regulations continue, amid a good bit of resistance.

The Eshowe church now needs to look carefully at the ones who have not been coming, to see how we can help them. Pray for us in this effort.

### **CONTINUING TO TEACH**

I am enjoying teaching the Sunday morning adult Bible class. We finished the book of John and are now in the book of Acts. In spite of my poor eyesight (macular degeneration) I am able to read the Bible text from my computer screen while seated on the preaching platform. Zipho, my interpreter, helps me in every way, and the lessons are going well.

### **Rob Buchanan's Wednesday night lessons.**

I have been a student in Robert Buchanan's Wednesday night WebEx classes for some time now. We studied the books of John and Revelation. Rob is now teaching the book of Daniel, and I am impressed at how God used the same symbolism in Revelation that He did in what He said to Daniel.

(Rob learned the gospel in Johannesburg when I was preaching there. He was about 20 years old, then.)

## **FLOOD IN DURBAN KILLS MORE THAN 300**

Last Sunday there was a terrific rainstorm over the Durban area. (Durban is the biggest port city in South Africa, a 2-hr drive south of Eshowe.) Rivers flooded, shipping containers floated in streets, and now there are about 300 trucks on the highway from Johannesburg which are unable to enter the city. A State of Disaster has been declared and the army has been called in.

As far as I know, none of our brethren have been badly affected. We are thankful to God.

## **THANK YOU, BRETHREN!**

How thankful we continue to be for the faithful financial support, prayers, and other expressions of help from you brethren. May God continue to be with us all.

---
